United Sovereign Americans (USA) is Leading the Way

Why Their Effort is so Important to Saving America in 2024

Election Integrity Project[®] *California* (EIPCa) is continues to work shoulder to shoulder with United Sovereign Americans (USA) while continuing our own work.

We urge EVERY AMERICAN CITIZEN to join us in supporting this effort.

The strategy is simple, easy to comprehend, and unassailable.

- **Listen to Steve Bannon's [interview](#) with USA founders Marly Hornik, CEO and Harry Haury, Chairman**
- **Listen to the reading of the [USA Resolution](#) from USA volunteers in many states. This reading includes California Scorecard numbers.**
- **Explore the USA [website](#)**

Once you take the time to listen to the two recordings, you will not hesitate to join us in the national effort to demand ONLY valid elections be certified in the 2024 Presidential election.

While EIPCa continues to bring its [Constitutional challenge](#) to California's disastrous election system to a successful conclusion, the USA strategy will bring votes by ineligible voters to a stop THIS YEAR.

And please continue to support EIPCa as our lawsuit progresses.
